

## Shrinking Machine

### Model: RGSH-MA

Technical features:

RGSH-MA supply counting, full-column automatic shrink without tray, suitable for several of bottles and bottled drinks, provides single or double row of the bottle without bottom-tray. It is full-column shrinking packing. ST-6030AH, it is piling, wrapping, sealing, shrinking, and cooling automatically. The whole producing process adopts the Germany advanced technology base on European standard. The electrical units are chosen from international famous companies. Such as: OMRON, SICK, NAIS, MITSUBISHI and so on. The packed goods is neatness, compact, suitable for long transportation.

Model	RGSH-MA	RGSH-MB
Horizontal height and length of in feed conveyor	850+ 50mm/1500mm	850mm/2500mm
Max packing dimension(mm)	L600xW300xH300	L600xW400xH450
Packing speed	8-18pcs/minute	6-12pcs/Minute
voltage	220V/50HZ	220V/50Hz
Rated power	2KW	2KW
Sealing time/ shrink time/temperature	0.5-1.5S/0-0.6S/0-250degrees	
Width of the film/thick	Max600mm/0.04-0.12mm	
Dimension(mm)	L3840xW1000xH1950	L2500xW1220xH2100
Gross weight	600kg	700kg
Air pressure of working	4-8Mpa	
Shrink film	PE POF PVC PP	
Minimum packing size	280x100x100mm
